APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use and manner of use of the waters of Perry Aiken Creek (storm and flood water) as heretofore granted under Permit 36349, is issued subject to the terms and conditions imposed in said Permit 36349, and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The total acres irrigated exclusively by storm and flood water from Leidy Creek and Perry Aiken Creek on a parcel located east of and adjacent to the northern portion of the ranch by Permits 70389 through 70391 shall be limited to 542.6 acres within the common described place of use.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 9.0 cubic feet per second, and not to exceed a yearly duty of 5.0 acre-feet per acre of land irrigated from any and/or all sources.

Work must be prosecuted with reasonable diligence and be completed on or before:

January 12, 2007

Proof of completion of work shall be filed before:

February 12, 2007

Water must be placed to beneficial use on or before:

January 12, 2011

Proof of the application of water to beneficial use shall be filed on or before:

February 12, 2011

Map in support of proof of beneficial use shall be filed on or before:

February 12, 2011
